The luxury destination club, LUSSO Collection, has just added two new homes in Jackson Hole, Wyoming. Both homes have direct ski access and are located in the Teton Village area, right at the base of the Jackson Hole Mountain Resort.

The "Elk Lodge" residence provides 3,700 square feet with four bedrooms and four bathrooms, while the "Gray Wolf" offers 3,100 square feet, three bedrooms and three bathrooms. In each home the main living areas flows between the spacious great room, gourmet kitchen and large dining room. Beautiful hardwood floors, large stone fireplaces and cathedral ceilings with post and beam architecture all reflect the western nature of this location. And LUSSO members can recharge with a dip in the hot tub on the expansive deck complete with postcard perfect views. As with most LUSSO homes there is a Lincoln Navigator on site.

Jackson Hole is only 60 miles from Yellowstone National Park and the Grand Teton National Park occupies the north-western part of the valley. The Snake River, with its world class fly fishing, meanders through the entire valley.

Other destination clubs with homes in Jackson Hole, [Wyoming](#) include Exclusive Resorts, Quintess, Ultimate Resorts and BelleHavens, plus there are several residence clubs in the area.

[LUSSO](#) also recently relaunched its website, which now includes several videos, including member comments and an in depth interview with the LUSSO CEO Steve Greer. For each home in its portfolio the website now has multiple images, floorplans and detailed descriptions.
